Sprint 1 – Daily Scrum 2

Date: 03 Nov 2025

Sprint Duration: 01 Nov 2025 -- 06 Nov 2025

Meeting Type: Daily Scrum 2

Meeting Duration: 15 minutes

Facilitator: Samia Maliha (Scrum Master)

I. Attendees

1. **Samia Maliha (SM)** – Scrum Master, Developer
2. **Ishrat Jahan (IJ)** – Developer
3. **Anika Tasnim Mrittika (AT)** – Developer
4. **Md. Hasibul Mitul (HM)** – Developer

II. Discussion Points

1. What did you do since the last meeting?

Samia Maliha (SM):

- Finalized and updated the Database Schema and Architectural Pattern for the project.
- Designed UI for the following pages:
 - Signup Select Option
 - Signup Page (for both Student and Alumni)
 - Login Select Option
 - Login Page (for both Student and Alumni)
 - Alumni Details Page

Md. Hasibul Mitul (HM):

- Finalized and updated the Use Case Diagram and Architectural Pattern.

- Designed UI for:
 - Blood Bank Page
 - Event Management Page

Anika Tasnim Mrittika (AT):

- Finalized and updated the Use Case Diagram, Unit Testing, and Integration Testing sections.
- Designed UI for the following pages:
 - Mentorship Page for Alumni
 - Mentorship Page for Student

Ishrat Jahan (IJ):

- Uploaded all finalized documents — Database Schema, Use Case Diagram, Architectural Pattern, Unit Testing, and Integration Testing — to the GitHub Wiki.
- Designed UI for the following pages:
 - Contact Us Page
 - User Profile Page

2. What obstacles are you encountering?

- Difficulty in updating and maintaining consistency between the Use Case Diagram and Database Schema.
- Challenges in deciding a common UI design structure (theme, layout, and color scheme) that all team members will follow to ensure a uniform interface.

3. What do you plan to accomplish by the next meeting?

- Each member will complete their assigned UI sections fully.
- The team will review and finalize all UI designs for consistency.
- Members will share their completed work with the team for feedback and integration.

III. Summary

The team has finalized all major diagrams and documentation and started developing the system's user interface.

The next focus will be to complete all UI designs and prepare for integration.

The Scrum Master will ensure that the design guidelines are followed uniformly across all modules.

Prepared by: *Samia Maliha (Scrum Master)*
