

BUP Alumni

Sprint 1 – Daily Scrum 1

Date: 01 Nov 2025

Sprint Duration: 01 Nov 2025 -- 06 Nov 2025

Meeting Type: Daily Scrum 1

Meeting Duration: 15 minutes

Facilitator: Samia Maliha (Scrum Master)

I. Attendees

1. **Samia Maliha (SM)** – Scrum Master, Developer
2. **Ishrat Jahan (IJ)** – Developer
3. **Anika Tasnim Mrittika (AT)** – Developer
4. **Md. Hasibul Mitul (HM)** – Developer

II. Discussion Points

1. What did you do since the last meeting?

Samia Maliha (SM):

- Designed the database schema, including all necessary tables and relationships.
- Provided a draft version of the database schema.
- Worked on documenting the architectural pattern for the project.

Md. Hasibul Mitul (HM):

- Designed the Use Case Diagram including all main features of the system.
- Provided a draft version of the use case diagram.
- Documented the architectural pattern used in the system.

Anika Tasnim Mrittika (AT):

- Designed the Use Case Diagram using draw.io, showing relationships among users and system functions.

- Provided a draft version of the diagram.
- Worked on writing Unit Testing and Integration Testing sections.

Ishrat Jahan (IJ):

- Designed the Database Schema using draw.io, representing all tables and their connections.
- Provided a draft version of the database design.
- Wrote the Unit Testing and Integration Testing documentation.

2. What obstacles are you encountering?

- Difficulties in merging everyone's database designs into one final unified schema.
- Challenges in creating an extended version of the Use Case Diagram that includes all features accurately.

3. What do you plan to accomplish by the next meeting?

- All members will start designing their respective UI parts of the BUP Alumni System.
- Each member will upload their work (Use Case, Schema, Architectural Pattern, Testing Documents) on the project Wiki page.
- The team will review and finalize the Architectural Pattern and Testing Documentation.

III. Summary

The team has successfully completed the initial drafts of database and use case designs for the BUP Alumni System.

The next focus will be on UI design and integrating all documentation into the project wiki.

The Scrum Master will ensure that collaboration and progress tracking continue smoothly.
